### ***Objective***

Seeking a career in a Computer Science related position where I can learn new skills and gain real world business and teaming experience in a professional work environment. I am a skilled programmer, leader, and communicator; hardworking and always willing to learn and accept new challenges. Currently I am gaining new skills and experience by enrolling in courses that align with my career ambitions and challenge my intellect in school, which I believe will translate well into the workplace.

### ***Education***

#### **Gustavus Adolphus College**

*Diploma pending, June 2018*

St Peter, MN

Pursuing a Bachelor's Degree in Computer Science. Additional coursework in math, cryptography, and economics. Dean's Scholarship recipient.

#### **Eden Prairie High School**

*Graduated June 2014*

### ***Work Experience***

#### **Beckman Coulter**

*Software Engineer Intern, Summer 2017*

Worked as part of an agile R&D software team focusing on the development of next generation immunoassay diagnostic devices. Used Microsoft tools to design, test, and implement a troubleshooting system for customers to self-service their devices, and machine functions. Microsoft Visual Studio 2015, .NET, SharePoint, Team Foundation Server.

#### **Home Depot**

*Sales Associate, Summers 2014 - 16*

Served customers and sold products in the gardening department, using my training and knowledge of products to inform the customer. Helped with store ops: stocked shelves, cleaned and organized the store, and worked with other associates to complete projects.

#### **Select Goaltender School**

*Instructor / Coach, Summers 2012-14*

Worked with hockey goaltenders ages 5-18 to improve their play.

### ***Work Related Skills***

- Experience in Java, Python, C, HTML, CSS, C++, C#, JavaScript, SQL, Swift
- Experience with GitHub, Microsoft TFS, OS X, Linux, Windows, MySQL, SQL Server, Azure, JSON, jQuery
- Exceptional MS Office skills: Word, Excel, PowerPoint
- Retail sales experience interacting with and assisting customers with their home improvement projects and recommending solutions to their problems

### ***Volunteer and Extracurricular Activities***

#### **Mobile Application Club**

Working on designing mobile applications for Gustavus using iOS with other students in the club. The app we are designing allows students to set up appointments to be picked in certain locations by campus safe rides. The app is being sponsored by the Gustavus activities board.

#### **Immanuel Lutheran Church**

Volunteered at multiple different non-profit organizations, including nursing homes, foster care facilities, Feed My Starving Children, food shelves, and church fundraisers.

#### **“Save-A-Bull” organizer**

Worked with a team to organize a fundraiser for a Pit Bull rescue foundation

#### **Sports and Athletics**

- Varsity Soccer (3 years), youth referee
- Participant in youth Baseball (14 years), Soccer (14 years), and Hockey (13 years)
- Volunteered with my youth and varsity sports teams at Feed My Starving Children, food shelves, and other non-profit organizations.
